(Eastern) White Pine
Pinus strobus

FERNS

Christmas or Holiday Fern
Polystichum acrostichoides

Rock Fern
Polypodium vulgare

SHRUBS

Poison Ivy
Rhus radicans

Spicebush
Lindera benzoin

Witch Hazel
Hamamelis virginiana

This trail follows a portion of William Gillette's three mile long, narrow gauge railroad route. Gillette's own walking paths were constructed with near-vertical steps, stone-arch bridges, and wooden trestles spanning up to forty feet. This particular path winds through the woods, over a bridge, a trestle, and on to "the tunnel." Numerous trees, shrubs and ferns along the trail and around the lily pond have been identified for your interest.
